

## Workshop on Advanced Hydrological Modeling

### State-of-the Art Probes for International River Management and Impact of Climate and Land Use Changes

**Dr. Lu Hui**, Associate Professor, Tsinghua University( 清华大学 ), China

Title: Simulation and Protection of Hydrological Processes in the Mekong River Basin

**Dr. Luo Pingping**, Professor, Chang'an University( 长安大学 ), China

Title: Impact Assessment of Rainfall Pattern and Intensity on Runoff and Inundation

Condition for Urban Watershed Considering Land Use Change

<http://fkdk.net/>

**2019.7.23** *tue.*

**5:00-7:30pm**

**Building2, room1701**

*no prior registration necessary*

*Institute for Studies of the Global Environment*
