#### Keynote Speech (10:15-11:15am)

Global Water Security: Have We Set the Right Goal and Chosen the Right Path?

**Dr. Dennis Wichelns** (Stockholm Environment Institute)

He is an agricultural and natural resource economist, with interests in water resources, irrigation, poverty, and food security. Currently, he is a Senior Research Associate with the Stockholm Environment Institute's Asia Centre in Bangkok. In recent years, he has served as the Editor-in-Chief of two scholarly journals.
